CONSTRUCTION

Make your outdoor table completely personal with one of WeatherMaster by Laneventure natural stone tops or Fabri-glass tops.

- Natural Stone Tops

- Extremely durable.
- Tops are sealed with commercial silicone to resist moisture and stains.

- Fabri-Glass

- Fun, fresh, innovative & completely personal.
- Constructed with premium European fabrics made specifically for outdoor use.
- Fabrics bonded on tempered glass tabletops.
- Vacuum embossed to create authentic textures & consistent color.
- Resistant to sunlight, oil and dirt.

- Customized

- Variety of colors, shapes and sizes.
- Selection of tables from WeatherMaster's Aluminum, Synthetic & Natural Wicker collections.

CARE & MAINTENANCE

WeatherMaster by Laneventure tabletops are extremely durable. Proper care and maintenance will ensure a long life.

- Protecting

- Requires periodic maintenance as it ages.
- Recommend re-seal stone & granite tops every 6 to 12 months with a stone enhancer sealer.
- Recommend using coasters under all glasses, particularly those containing alcohol or acidic juices that can etch or dull the surface.

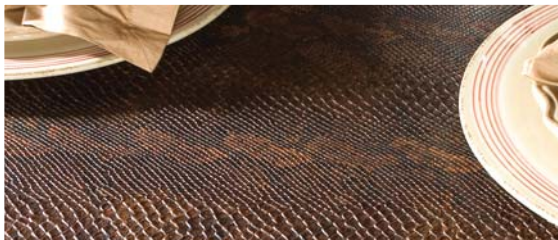

Cold Climates — snow build-up could penetrate sealer, causing moisture to enter the stone to crack. Recommend storage in a dry area during cold climate seasons.

- Cleaning

- Stone Top: use a soft color free cloth or sponge. Use warm water with mild dish washing soap or a neutral PH cleaner such as "Simple Green". Simple Green is a water based bio-degradable cleaner available at local hardware stores. Never use abrasive cleaners, acid or alkaline based products.
- Fabri-glass Top: clean with micro-fiber cloth, mild detergent-free soap, and warm water (cleaning code SW) — or spot clean with a mild solvent, upholstery shampoo, or the foam from a mild detergent.
